DRESSING FOR THE WEATHER

As the temperature continues to drop, we would like to remind students to dress for the weather. Wear layers along with the proper attire; such as

warm jackets, mittens, toques and proper footwear.

Thank you to those of you who joined us for our Remembrance Day Assembly. I was very proud of our Voyageur students for the tremendous respect they demonstrated during the assembly.

Busy Parents Can Support Learning with Simple Activities

Family life is so hectic these days it may seem impossible to be involved in your child's education. But even on your

busiest days, there are things you can do to support your child's learning:

- Read together
- Stock your house with books and other reading materials
- Share favourite poems and songs with your child
- Cook together
- Get organized using a calendar
- Go to the library together
- Keep a puzzle on a table for your child to work on
- Tell family stories
- Engage in "word play", riddles and tongue twisters
- Play board games
- Limit the amount of screen time
- Ask your child "What if...." questions and discuss your conclusions

I've learned that people will forget what you said, people will forget what you did, but people will never forget how you made them feel.
